Greenbriar[SM] Homes Communities

Repair Notice

I/We request the following items be inspected as needing possible repairs. I/We have re-read my/our 1-Year Warranty that covers the item listed below, and believe that this needs attention sooner than my/our 60-Day or 11-Month Repair Notice is forwarded.

(**Please** be specific when reporting your concern and indicate where the issue is located rather than indicating a solution. ***Example:*** "There is a small amount of water under the right-side, master bathroom sink". Rather than, "The sink is leaking and needs repair".)

1. **Service Representative provides courtesy home assessment and manual review**
2. **Friendly reminder to fill out the Eliant Survey. Thank You!**
